Fleet

3 Stars

This is a Harvester selling all the usual Harvester food.

We went on a Wednesday evening for the Early Bird and it was very busy with only one table left so the service was very slow as it was so busy but the waitress was very good and said sorry and tried to be quick.

I had steak which was nice, you get the free salad bar and rolls and you can eat as much as you like but don't eat too much cos' you struggle to eat your dinner.

The puddings are nice and not expensive, the rocky road is nice and so is the apple pie. Children get a colouring in sheet and a pot of pencils and there is a few clean highchairs. We enjoyed our meal even though everything took time to arrive.

a harvester is a harvester or is it? Not this one !the young manager gets all the veg and fruit himself and prepares it fresh early every morning it is incredibly scrumptious and better than any other I've tried. It simply floats into the mouth. The early bird menu at £4.99 is incredible value for salad, main meal and starter but if you stray up to the post 18.30 menu you get real delicious food well cooked by superb chefs I had sea bass for the first time and it melted in the mouth. for the kids there is a superb healthy menu at £3.99 with drink etc they loved it but took too much to eat ! This is the Harvester to measure all others by.
